Acme Truck Opening Office/Data Center in Austin

AUSTIN, TX (*March 1, 2006*) — Dean Janeff and Travis Waldrop with NAI Commercial Industrial Properties Co. (NAI CIP) represented Acme Truck in the purchase of 12,599 square feet at 2410 Howard Lane in Austin. The seller was Howard Lane Properties LLC, represented by Joyce Jane Weedman, a Principal of NAI CIP.

Acme Truck has been operating since 1960, transporting equipment, supplies and materials throughout the United States. Today they have 1,300 trucks and operate in seven states, hauling approximately 4,000 loads of freight a day.

Acme Truck's offices are located primarily along the east coast, and the decision to open an office in Austin stemmed primarily from the fact that they have to evacuate their various offices ten to twelve times per year due to hurricanes and tropical storms. The Austin office will act as a mirror site and central location for evacuations.

NAI Commercial Industrial Properties Co. is one of Austin's most experienced commercial real estate firms and the Austin area representative for NAI Global™, the industry's largest global network of real estate service-providers, comprised of 3,500 brokers in 280 offices serving more than 340 markets worldwide. For more information on NAI CIP, please visit www.naicip.com.
