Firehouse Subs to open station in Austin Commons

AUSTIN, Texas- NAI Austin Land and Commercial Building Specialist Dean Janeff negotiated the lease of 1,900 square feet of retail space in the Austin Commons building to Tyson Smith and Jason Jorski. The retail space will be the new home of a Firehouse Subs franchise, which will open in May 2008. The property, located in the retail and tech area of north Austin, is near The Domain, a high-density retail, business and residential area.

The Austin Commons Firehouse Subs will be the company's fourth location in the Austin region. Firehouse Subs, which was founded by actual firemen, serves hearty sandwiches that are heated with steam instead of a microwave or toaster.
