NAI CIP finds space for expanding wing joint

ROUND ROCK, Texas-NAI Commercial Industrial Properties Co. Retail Team Lead Sherry Sanchez and Retail Team member Travis Waldrop secured the lease of 3,500 square feet to Buffalo Wings & Rings.

Based in Ohio, Buffalo Wings & Rings is rapidly expanding and has set its sights on Austin. The new location in the Round Rock Town Centre shopping area marks the company's second in the Austin MSA.

"Round Rock spends a lot of money on food outside the home," Travis Waldrop said.

The expansion of A.W. Grimes to SH 79 will increase traffic in the area and visibility of the restaurant. In addition to the increased accessibility of the shopping center, "there are major employers in the area, all of which will help," Waldrop said.

According to Retail Team Lead Sherry Sanchez, Buffalo Wings & Rings is a good match for the location because it is a "family oriented, fast, casual restaurant."

James L. Cotton of McAllister & Associates represented Buffalo Wings & Rings on the transaction.
